ENNO HARMS FAIR PLAY AWARD

Named after the first EUSA President, a person who was very much devoted to fair play, the Enno Harms Fair Play Award annually recognises the greatest act of fair play in EUSA events. In 2016, everyone involved with the European Universities Games could feel the values of EUSA and the Games, in particular the values of fair play, mutual respect and inclusion, resulting in truly special atmosphere in Zagreb and Rijeka.

For all of the dedicated work of the local and international volunteers, who promoted these values, the award was attributed to the **EUG2016 Volunteer Team**.

SPECIAL AWARD

For the first time in EUSA history, we succeeded in the full integration of sports for students with disabilities into the European Universities Games in Zagreb and Rijeka. As a result of the pan-European survey which was launched in collaboration with EUSA and the European Paralympic Committee, the addition of Para-Table Tennis and Para-Swimming were included in the games' programme.

In recent years, cooperation between EUSA and the European Paralympic Committee has grown stronger and stronger, and with European Paralympic Committee's active involvement we have taken great strides in enabling European students with disabilities compete at the highest level in university sport. The contribution of the **European Paralympic Committee** was recognised by receiving the special award for 2016.

ORDER OF MERIT

The 3rd edition of the European Universities Games, held under the slogan Heart Believes – Mind Achieves took place in Zagreb and Rijeka in the summer of 2016. It was the greatest and biggest event in EUSA history, with nearly 5,500 participants forming 862 university teams coming from 40 European countries. In 2016, we present two different Order of Merit awards, as we recognise the special contributions for the events in Zagreb and Rijeka.

Our first award was given to two institutions, partners from the beginning of the bidding procedure, and who are still working on affirming the legacy of the Games across Croatia. They have supported all areas of the organisation, from providing university facilities for multiple purposes, to successfully promoting the European Universities Games across their local areas and beyond. The legacy of the event will live on for years to come because of the contribution of these two institutions the creation and regeneration of local infrastructure, including the sports venues and dormitories which will continue to be used by future generations of students.

The first Order of Merit award for 2016 was attributed to the **University of Zagreb** and the **University of Rijeka**.

Our second Order of Merit award also had two separate recipients, due to their equal, yet superb, contribution to the organisation of the European Universities Games 2016. Providing the financial and logistical support needed to create the great event that the games were, we meet these awards recipients with the same gratitude and recognition as the winners of the first order of Merit award. The continued promotion of the event, involvement with refurbishing games venue, providing public transport for the participants, are just some of the notable contributions made by the winners of this award.

The second Order of Merit award in 2016 was attributed to the **City of Zagreb** and the **City of Rijeka**.

PHOTO COMPETITION AWARD

Since 2009, EUSA photo competition has been organised every year through EUSA Student Commission. It gives the chance for participants to take photos and capture the right moment to reveal the true nature of university sporting spirit. From all the photos EUSA received, the Student Commission members choose a total of 10 finalists. The public and expert commissions were then given their chance to vote, selecting the winning photo.

In 2016 the winning photograph was taken during the demonstrative water polo event in Zagreb and Rijeka, and the award goes to **Mikhail Tiuftin** from Russia.
